Danderine

GROWS HAIR

and we can

PROVE IT!

A lady from Minnesota writes:

"As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

Hair troubles, like many other diseases, have been wrongly diagnosed and altogether mis-understood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced and grown and therefore should receive the attention and results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful; the soil in which the plant grows must be treated to make the plant grow and then the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed on (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it to do.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the

A warrant was issued in this city several days ago sworn to by Taylor Mainor, charging Amos B. Todd, a young man living with his parents in East Fourth street, with having broken open a trunk at the Ishmael residence in Fourth street belonging to Mainor and taking therefrom the sum of \$30. Todd absconded with his booty to Marion, Ind., where he was arrested on information furnished by Chief of Police Ort. Later Mainor informed Chief Ort that the amount had been made good and that he wished the matter dropped and the young man released from arrest, and a telegram to that effect was sent the Marion officers.

EX-DOVER NEGRO

Sentenced to 19 Years in the Pen For Assaulting White Girl at Dayton, O.

Nineteen years at hard labor was the sentence Judge Brown of the Criminal Court at Dayton, Ohio, imposed upon Smith (Hicks) White, colored, formerly of Dover, who had confessed to criminally assaulting Bessie Stickford, white, of Springfield, Ohio, in the Jewish Synagogue at Dayton last February.

When asked if he had anything to say why sentence should not be imposed, after pleading guilty, White attempted to blacken the character of his victim. Immediately County Prosecutor Lenz insisted upon a trial of the case, claiming he could establish the good reputation of the complainant, who is a Sunday-school teacher in a Springfield Church.

"Judge, I don't want no trial," interrupted the Negro, and the sentence, within one year of the maximum, was imposed.

He was taken to the Columbus Prison Monday.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

What the Postmaster General Says!

PUT UP MAIL BOXES

The Postmaster General Thinks Every Family Should Have One at Their Front Door

One of the suggestions of the Postmaster General for economizing in his Department is that people put up little boxes or other receptacles at their front doors so that the Postman will not have to stand and wait until somebody answers the bell. A great deal of time is wasted by the Postman having to wait. It is in the interest of an efficient and economic service to provide these little conveniences. And then they are not only conveniences for the Postman; they are also for the people of the house. "There is the mail man," says the housekeeper, with her hands in the dishwater or mixing the dough for the family bread; "run, Johnny, to the door," and Johnny is down in the back yard trying to lasso a black cat, but by this time the mail man, thinking no one is at home, goes on with the expected letter from Mary, who is visiting over in Chicago, and so the family is deprived of the pleasure for several hours, simply for the lack of a neat little box at the front door.

In anticipation of this announcement we have purchased a number of Mail Boxes of the latest approved pattern. Just the thing. Call and see them.

It means but few of the adults who dealt with our Mr. D. Hechinger in his early days are now in the land of the living.

The majority of the goods we now sell are sold to the grandchildren of his earliest patrons, they follow the footsteps of their ancestors. They were taught in their early boyhood that Hechinger's is a "safe" place to deal, "and it is." The pride we take in our business is above money consideration.

Until the end of this week, on account of Mr. D. Hechinger's fiftieth anniversary, we are going to give a

THEODORE ROOSEVELT is the recipient of divers and sundry "degrees" from the potentates and institutions of the old world, but will Teddy's own people give him the "third degree" in 1912 or 1916?

THE frost has killed the fruit and the early vegetables. Prices for such articles will be high, but the frost will be forgotten. The politicians will lay the high prices to the Tariff.—Des Moines Capital.

THERE are some lovely widows in Oxford and they have been wearing black dresses for five, ten and fifteen years. We are not their Father Confessor, but, as home friends, we could all wish that they would not wear such sad faces.—Oxford (O.) Herald.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a foul-fingered.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

"Before I began using Cascarets I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised; I have taken only two boxes of them."

GOVERNOR MARSHALL of Indiana, a Democrat, is quoted as saying:

"If this country is to be run on a Protective theory, let's know it and quit talking about it. WASHING WITHOUT WATER

IS LIKE TRYING TO GET RID OF DANDRUFF WITHOUT HERPILDE.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Growers.

Newbro's Herpilde is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured. Sold by leading druggists. Send 10c. in stamps for sample to The Herpilde Co., Detroit, Mich.
